

**Переписка между Б.З. Отчизновым (генеральным директором АО «Восход») и Г. Томасом (директором *Industrial Manufacturing Ltd.*)**

---

*December 01, 2021*

Dear Mr. Thomas,

It was a pleasure to meet you, and I am grateful for the interesting conversation. I hope for further cooperation.

Respectfully yours,  
B.Z. Otchiznov  
General Director of JSC “Voskhod”

*March 03, 2022*

Dear Mr. Thomas,

I hope you are doing well. One of the lathes at our plant has recently broken down. Could your company supply a CNC lathe that meets the parameters specified in the appendix to this email, as well as carry out the necessary installation and commissioning work? Due to the threat of contract failure, this issue is extremely important for us.

Respectfully yours,  
B.Z. Otchiznov  
General Director of JSC “Voskhod”

Dear Mr. Otchiznov,

Thank you for your email. Yes, our company can supply a lathe machine that meets the specified requirements. Due to the current situation, the delivery may be made from our Middle East plant located in Qatar.

Yours sincerely,  
Henry Thomas  
Director of Industrial Manufacturing

*March 12, 2022*

Dear Mr. Thomas,

My daughter is about to complete this summer a Mechanical Engineering degree at Imperial University London. In Russia, she previously graduated with honors from Bauman Moscow State Technical University, which is considered one of the best technical universities in the country. She is looking to apply her knowledge in the field of engineering. Would it be convenient for you to meet her and perhaps share your experience in building a career in this field?

Respectfully yours,  
B.Z. Otchiznov  
General Director of JSC “Voskhod”

Dear Mr. Otchiznov,

I met your daughter yesterday (I think she has already told you about it). I was absolutely amazed by her level of knowledge and her deep interest in engineering. I have spoken to my colleagues, and we would like to offer her an internship in one of our offices after completing her program at Imperial College London.

Yours sincerely,  
Henry Thomas  
Director of Industrial Manufacturing
